

Circular: Suspension of SparkNWE-Fin and SparkSWE-Fin notifications

Date: 4th April 2025

This circular is to give notice for the suspension of the SparkNWE-Fin and SparkSWE-Fin notifications via email and whatsapp for assessments starting from **21st April 2025**.

Spark monitors the liquidity of the SparkNWE-Fin and SparkSWE-Fin contracts and can decide to resume email and whatsapp notifications based on the liquidity outlook.

The SparkNWE-Fin and SparkSWE-Fin assessments will otherwise continue unchanged and remain available as usual on the Spark Platform [here](#).

The SparkNWE-B-Fo physical curve will continue to be used within Spark Netback and Netforward tools, rather than the SparkNWE-B-Fin curve, due to increased price discovery in physical NWE markets compared to financial markets currently, and this curve can be found on the Spark platform [here](#).
